BANGOR DAILY WHIG AND COURIER.

BY WHEELER & LYNDE. TUESDAY MORNING, MARCH 22, 1859. VOLUME XXV....NUMBER 223.

THE BANGOR
DAILY WHIG & COURIER
IS PUBLISHED MORNINGS,
At Exchange Block, East End of Kenduskeag Bridge, at FIVE DOLLARS a year.
WHEELER & LYNDE, Proprietors.

THE BANGOR COURIER
IS PUBLISHED EVERY TUESDAY,
In the Office of the Daily Whig and Courier, at One Dollar and Fifty Cents a year in advance, or Two Dollars a year if not paid in advance.

AGENCIES.

S. M. PETTENGILL & CO., 10 State-st., Boston, and 119 Nassau-st., New York, are authorized Agents for receiving Advertisements and Subscriptions for this paper.

C. STUBBS, Agent, Scollay's Building, Court-st., Boston.

DOW, COE & CO., Agents, Tribune Building, New York.

JOHN BURRILL, Agent, 36 Kilby street, Boston.

The Daily Whig and Courier and Weekly Courier are published on the following terms:

Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions.

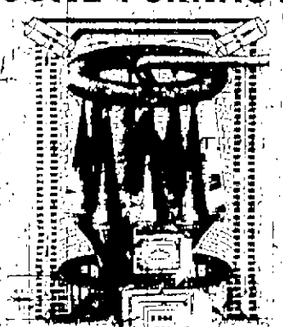
If subscribers order the discontinuance of their papers, the publisher may continue to send them until all arrearages are paid, and subscribers are responsible for all the numbers sent.

If supervisors neglect or refuse to take their papers from the office to which they are directed, they are held responsible, till they have settled their bills, and ordered their papers discontinued.

The Courts have decided that a refusal to take a newspaper or periodical from the Post Office, or removing and leaving them uncalled for, is prima facie evidence of fraud.

Subscribers to newspapers or periodicals are responsible to pay so long as the paper is sent, though it may be sent to the residence of the person who declines or subscription, unless notice is sent of such removal to the publication office.

CONE FURNACE



THE VERY BEST FURNACE IN USE which has been patented in America, England, and France, and which took the Diploma at the last State Fair in this city. Any quantity of references can be given, as to its *durability*, and economy over all others.

Put up in the very best manner, and warranted to give entire satisfaction.

Albert Noyes.

July 20th.

PIANO TUNING

Mr. John D. Conley

HAVING been engaged in Tuning and Repairing Pianos, Organs, Melodeons, &c., in this city for more than a year, still offers his services to the above to his friends and the public generally. Orders left at his Room, 74 Main-st, will meet with prompt attention.

Mr. C. also offers his services in selecting Pianos, Melodeons, &c., to persons about buying. 1y5d

CODMAN HOUSE
RE-OPENED!

This spacious and commodious House has been recently refitted and opened for the accommodation of the public, under the management of J. A. BACHELDER, who by observation and experience as a Hotel-keeper is fully prepared One of the best Cooks in the country will officiate in the kitchen.

The location of the House, and its appointments, cannot fail to render it one of the most pleasant and convenient stopping places in the country.

In connection with the House is a large *Hall* for public accommodation of parties. Also, a large and convenient *Stable*, with double and single stalls, and a carriage house, and having secured the services of one of the most experienced Hostlers, the public may rest assured that their Horses will receive the best of care and attention. There is also a large convertable fitted up with stanchions for cattle, constant or in droves.

Special pains will be taken to accommodate persons coming to the Aroostook on the most reasonable terms.

J. A. BACHELDER, Proprietor.

Codman, Feb. 1, 1859 d1yos

Flour, Wheat Meal, Cracked Wheat, Wheat Middlings, AND SHORTS.

THE SUBSCRIBER continues to receive into his Store weekly from his Mill in the West, by Railroad, the above articles, fresh ground.

The Middlings are good feed for horses and cattle, and much cheaper than any thing in the market. J. P. Store No. 16 Broad Street.

NOTE.—In all cases where the word *prepaid* is not added, the prepayment of the postage is optional with the sender.

SHERIFF'S SALE.—*Penobscot ss.*, March 7, 1859. Taken on execution and will be sold at Public Auction, at my office in Bangor, in said County, on Saturday, the 9th day of April next, at ten o'clock in the forenoon, all the right which Frederick King has or had on the thirtieth day of November, A. D. 1858, the date of the original attachment of redeeming the following described parcel of real estate, which was conveyed to a mortgagee deed from Thomas King to Daniel Vensey, George Gardner and John Lowe Jr., recorded in Vol. 191, page 198, of Penobscot Registry of Deeds viz:—Thirty acres off the Southerly part of lot No. 1, in Carroll, by recent survey of John Fuller, and is a part of lot 65, Gilmore's plain survey. The mortgage above referred to covers the whole of said lot No. 1—said thirty acres having been conveyed to said Frederick King by said Thomas King, at the date of said mortgage, by deed recorded in Vol. 131, page 191 of said Registry. Reference to said mortgage being had.

mh8 C. D. GILMORE, Sheriff.

SHERIFF'S SALE.—*Penobscot ss.*, March 8, 1859. Taken on execution, and will be sold at Public Auction, at my office in Bangor, in said County on Saturday the 9th day of April next, at ten o'clock in the forenoon, all the right which Jacob Sweetser, of Harpswell in said County, has or had on the 26th day of September, A. D. 1859, the date of the attachment on the original writ of redeeming the following described parcel of mortgaged real estate situate in said Hampden, bounded: northerly by land of Blair & Wilder, easterly by Penobscot river, southerly by land of William Crosswell, of Seth Harding, and westerly by the county road containing eighteen acres, more or less; including also about three acres conveyed to Mr. Carle of Hampden, by Seth Harding, and being the same premises conveyed in mortgage by said Sweetser to Asa Stubbs by deed recorded in vol. 272, page 152 of Penobscot Registry of Deeds.

mh15 C. D. GILMORE, Sheriff.

SHERIFF'S SALE.—*Penobscot ss.*, March 7, 1859. Taken on execution and will be sold at public auction, at my office in Bangor in said County, on SATURDAY, the sixteenth day of April A. D. 1859, at ten o'clock in the forenoon, all the right which Ivory C. Ham has or had on the twelfth day of April A. D. 1858, the date of the attachment on the original writ—by virtue of a bond or contract in writing, dated Feb. 14th, 1857, and recorded in Penobscot Registry of Deeds, vol. 279, page 427, from John W. Woods to the said Ivory C. Ham, to have a conveyance of the following described parcel of real estate, situate in Bangor in said Penobscot County, viz:

One undivided half of a certain parcel of land situate on Spring street, in said Bangor, and described as follows, viz—Beginning at the Northerly corner of a lot of land conveyed by Nathaniel Hallow to Charles Fuller, thence Westerly on said street, sixty feet; thence Southerly in a bound on a back street, forty-five feet from the Southerly corner of the said Phelps lot; Thence Easterly forty-five feet (45) to said corner of said Phelps lot; thence Northerly, on said Phelps lot, to the place of beginning, being the same parcel of land conveyed to said Ivory C. Ham by Oscar S. Ward, by deed dated February 10th, A. D. 1857, recorded as aforesaid, vol. 274, page 178.

mh8 3w CYRUS ARNOLD, Dep't Sheff.

SHERIFF'S SALE.—*Penobscot ss.*, March 7, 1859. Taken on execution, and will be sold at Public Auction, at my office in Bangor, in said County on Saturday the 9th day of April next, at ten o'clock in the forenoon, all the right which Frederick King has or had on the fifteenth day of September, 1855, the date of the attachment on the original writ, of redeeming the following described parcel of mortgaged real estate, situate in Bangor aforesaid, viz:

A certain lot or parcel of land situate in Bangor, and bounded and described as follows, to wit, beginning at the point where the line between lots No. 50 and 51, according to Park Holland's survey, strikes the East side of the Stillwater Falls road (so called), thence running Easterly, on said line between said lots No. 50 and 51, about twenty-five rods to land formerly of Abraham Gold Q. W. Williams; thence Westerly, by said land, to the road aforesaid; thence Northerly, by the road aforesaid, to the first mentioned bounds; being the same lot conveyed in mortgage to John McDonald by deed dated Oct. 18th 1851, and recorded vol. 210, page 244 Penobscot Registry of Deeds.

CYRUS ARNOLD, Deputy Sheriff.

A Homestead for $10.

10,000 Farms & Building Lots,

IN the Gold Region and other portions of Virginia to be divided among 10,000 subscribers, for the benefit of the new town of Rappahannock. Subscriptions *only ten dollars*; one half down, the rest on delivery of the deed. Every subscriber will get a building lot or a farm, ranging in value from $40 to $30,000. These Farms and Lots are sold in this way, to insure settlements, a sufficient number being reserved, the increase in the value of which will compensate for the present sacrifice. Building lots will be given to bona fide settlers.

More Agents are wanted to obtain subscribers to whom the most liberal inducements will be given. For full particulars, Subscriptions, Agencies, &c., apply to W. BAUDER, Port Royal, Va.

To the Unemployed.

YOU HAD BETTER TRY
MY MOTHER'S SALVE!

THIS CELEBRATED PREPARATION has obtained an enviable and world-wide reputation for its ONE-CURATION PROPERTIES, and it has been the means of relieving so many sufferers to health, and usefulness that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this SALVE, to make it accessible to each and every, that all afflicted may avail themselves of its healing qualities.

"MY MOTHER'S SALVE"

Is a PERFECT CHEMICAL COMPOUND, prepared from HERBS, HERBS AND GUMS, gathered from the forest, and possesses *Healing, Soothing and Pain-Relieving Virtues* never before combined in a Salve or Ointment.

"MY MOTHER'S SALVE"

Is a PERFECT PENETRATOR, and those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES and such like diseases, will find in its use great relief, and in most cases a PERMANENT CURE.

"MY MOTHER'S SALVE"

Is a BURN or SCALD taken out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"MY MOTHER'S SALVE"

Is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth. *Directions for using*

"MY MOTHER'S SALVE"

are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, removed at times as good judgement may direct. For Rheumatism and other pains, rub its parts sparingly with the Salve. In case of Colds, Tightness of the Lungs, Sore Throat and such like ails, rub as to cause it to penetrate. In any case of pain a good result follows the use of this Salve. Prepared by A. M. BECKI

BURRILL & HUNTING, Sole Proprietors, No. 6 Tremont Street, Boston.

For sale, wholesale and retail, by B. F. Bradbury & Co, and W. L. Alden & Co., Bangor; B. B. Bradbury, Newport; A. J. Stockwell, Yeaton, T. J. Batchelder, Kenduskeag.

ETHERIZATION.—History of the discovery and statements as to its reputation, and the merits of the proposed plan, would require no inconsiderable changes to be made in the structure which has been proposed for the joint occupancy of the Boys and Girls' High Schools, and it is doubtful, even with those changes, if the present building could be made to afford satisfactory accommodations.

The present arrangement in relation to three schools appears to have given generally satisfactory, as there have been, to my knowledge, no petitions presented to the City Council the last year from the citizens at large, asking for the proposed change; and I think you should be slow to disturb a system which has met with so general acceptance.

The duties of the Superintending School Committee are most arduous and important. Upon this Committee devolves the duty of employing all the teachers of our Public Schools, fixing their compensation, establishing the length of the terms, the number of hours of daily attendance, the oversight of our School Houses, and the disbursement of nearly one-fourth of all monies raised for municipal purposes. All these interests, upon their election, you place in their hands, and they are then beyond your control. These facts indicate that great caution should be exercised in the selection of this important board.

This Committee has usually consisted of seven members. The last year an experiment was made of increasing the number to thirteen. It is believed that this experiment did not prove successful, and I would therefore recommend that seven, or a number approximating to that be elected the present year.

I would call your attention to the Ordinance in relation to truant children, and recommend that it be more strictly enforced. Boys who are permitted to grow up in idleness, without the healthful influences of our public schools, are forming characters which will imperil the public peace and safety, and furnish recruits for our jails and prisons.

The expenditures of the Highway Department, have been less than the average amount required for several years past. A large amount of decayed plank side-walks have been replaced with gravel to the evident advantage of the city. The western end of the Kenduskeag Bridge has been rebuilt the past season, at an expense of $1210.50. The last City Council ordered the Bridge at McQuesten's Mills to be rebuilt at an estimated expense of $2000, and the necessary funds to be raised by a temporary loan. This Bridge at the Hatch or Merrill Mills will require extensive repairs or reconstruction the present year. The western end of Central Bridge has become leeched and weak, and also needs attention. It may require rebuilding.

Less than the usual amount of labor has been expended on the cut-roads the past year, and consequently a larger appropriation will be required for that purpose the present season.

The last City Council laid out and established the continuation of Garland Street to Fruit Street, and a small appropriation will also be required for constructing this street.

I would commend to your favorable consideration the construction of a road from some point on the Essex Street Road to the Broadway Road. The former road, from near the railroad crossing to the north line of the City, has no cross street, thus frequently subjecting those living on that road, and others, to much inconvenience. A road was laid out, by a former City Council, from a point on Essex Street to the Church on the Glen-ern road. Efforts have been made to change the location of this road, and it is for you to determine whether the road, as located, shall be constructed, or another laid out. Of the expediency of establishing some more direct communication between the two roads referred to, I have no doubt.

The support of the destitute has demanded a somewhat smaller appropriation than usual, the past year. The total number who have received assistance at the Alms House is 119, of whom 60 were of foreign origin, and of those who have been beneficiaries of public charity out of the Alms House, the number of families is 196, containing 853 individuals, of whom 503 are of foreign origin.

The present condition of the Alms House and its inmates indicates that due attention has been paid to the important consideration of cleanliness and health, and that the reasonable wants and requirements of those who have, unfortunately, been compelled to accept public support are well provided for.

The Alms House was damaged by fire the past year, the repairs of which together with some new furniture and necessary repairs upon the Barn have caused an expenditure of about $1300, which amount is included in the sum of $1057 29, which the Pauper Department has drawn from the treasury.

By the purchase of a wood lot, about two years ago, employment has been furnished in the winter months for a portion of the inmates of the Alms House and others who have required assistance, and who would else have been idle, while at the same time it has protected others, less worthy of public charity, from insisting upon their claims, when they feared that they could be gratified only upon their working for the benefit of the city, and in behalf of the supplies they demanded.

The quantity of wood cut on the lot referred to, the past winter, is about three hundred cords, some one hundred and twenty-five of which have been hauled to the Alms House, and the balance reserved for future distribution.

The City Physician reports that the whole number of the poor who have received medical attendance the past year is 154. Of these 94 were inmates of the Alms House, and 60 outside patients. Of the whole number 108 were of foreign origin.

Two hundred children, attending the Public Schools, are reported to have been vaccinated the past year.

The importance of a thorough annual vaccination of all the unvaccinated pupils of our schools, I deem of much importance, and I trust the ordinance requiring it will be fully complied with.

The Fire Department has been required to perform an unusual amount of service the past year. It has been called out, 61 times, and has extinguished 23 fires. Twenty-five false alarms have compelled the Department to perform much needless labor, and efforts should be made to bring to punishment those who have or may cause additional labor to a department, whose legitimate duties are sufficiently exacting.

The comparative small amount of damage sustained by the numerous fires of last year most clearly indicate the continued efficiency of this Department, and show that the warm commendations freely awarded it, are well deserved.

Our exemption from any serious conflagration since the reorganization of the Fire Department, is a strong manifestation that the present system of paying the members has vindicated itself as wise and salutary.

The effective force of this Department consists of three Engines, with Hose and Carriages all in good order—manned by forty men each—together with a Hook and Ladder Company of twenty-five men.

There are two reserved Engines in good condition which are kept ready for service. There are also two other Extra Engines, which are not in working order, and one spare Hook and Ladder Carriage. These do not add to the efficiency of the Department, and should consequently be disposed of.

A new four-wheel Hose Carriage has been procured for Engine Company No. 4, the past season, at an expense to the City of $160.

I would add my recommendation to that of the Chief Engineer that an additional quantity of Hose be purchased, for the more efficient service of this Department.

The Report of the City Solicitor will show you the present state of the numerous suits in which the city is interested.

The most important suit, that of Samuel Veazie against the city for repairs of Highways, in which the sum claimed is about five thousand dollars, and which has been in litigation so long time, is still undecided. It has been argued and stands before the law court under advisement.

The long standing suit of Enoch P. Davis and wife, which was brought to recover alleged defect in the streets, caused by a load of trees brought into market for sale and by which plaintiff's horse became frightened and threw them from their chaise, causing the much injury, has been finally disposed of by the law court, in favor of the city.

The suit of Marcellus Emery against the city, for printing the annual reports &c., of 1858, on a written contract, stands for trial and will be in order at the April term.

The Solicitor reports a large number of suits in which the City has become involved, growing out of the impounding of animals, and his suggestion that Pound Keepers should be persons capable of keeping legal records, in order that said records may be used as admissible evidence in courts of law—is worthy of consideration.

Upon a vigilant and watchful Police depends, in no small degree, the safety of our persons and property, and much care should be exercised in the selection of competent men to fill these important offices.

The qualifications demanded for police duties require that the candidates be not only honest, temperate and reliable, but we child, prudent and vigilant—and fully impressed with the important truth, that more effective service can frequently be performed by timely action in preventing and checking outbreaks and disturbances than by suppressing them by more forcible measures.

The CITY MARSHAL reports the total number of commitments to the Watch House, the last year, to have been 522, of which 318 were for drunkenness, and 93 for assaults and battery. The total number of prosecutions for various offences has been 194.

You will notice, the larger proportion of the arrests the past year have been for drunkenness, and doubtless, no small portion of the remainder may be traced to the same fruitful source of crime. That legal enactments can effectually supersede the more important influence of the individual, the family, and associated effort in eradicating this great evil,

	Amt appropriated.	Amt. expended, exclusive of rec'ts from each Depart.
Highway Dept	$9,000.00	$8,755.43
Schools,	15,500.00	15,535.43
Pauper Dep't,	8,200.00	8,103.29
Fire, "	5,000.00	5,788.91
Watch,	1,850.00	1,825.00
Salaries	5,000.00	5,030.56
Indtrest,	9,000.00	10,101.76
Contingencies,	12,000.00	10,441.05
	66,150.00	65,820.00
Overdrafts,	3,454.00	
State tax,	7,830.00	
County tax,	12,338.52	
Tota appropriat,	89,772.52	

As the Treasurer has not completed his annual report so no slight difference may be detected in the amount drawn from the contingent fund, but the result will not materially be affected. This statement exhibits the gratifying fact that our expenditures the past year have been kept within the appropriations. The School Fund has received its proportion of the Bank tax of 1857, 1917.33 and has also received from the contingent fund $550.00 for repairs of School Houses, &c., making the amount expended by that department $18,122.75.

Our Public Schools the past year have met the reasonable requirements of parents and guardians, and the enviable reputation they have come so much to care has been well sustained.

Constant vigilance is doubtless required to keep them up to the highest standard, but unremitting care, rather than display is only required of those whose immediate charge these important trusts are committed, and the great importance of true physical and moral training, in connection with intellectual culture, should be well considered.

The Report of the Superintending Committee represents that, at the examination, the schools, with but very few exceptions, appeared remarkably well, indicating that both teachers and pupils had labored diligently and faithfully. The Intermediate and Primary Schools are particularly referred to as having made much improvement over last year.

No new School Houses have been erected the past year, and I am not aware that any will be required the ensuing year, unless the City Council should deem it expedient to erect one for the accommodation of the Appendices School.

The School Houses have been, for the most part, placed in good repair the past season, and will consequently require no large appropriation for that purpose the present.

I would recommend the planting of shade trees on our School House lots, where it has not already been done. This can be accomplished at a trifling expense, and will tend to make the School Houses more attractive, and at the same time add a pleasant feature to the general appearance of our city.

The plan of uniting the Boys and Girls' High Schools has created considerable interest and discussion the past year. This plan has received the zealous support of many of the friends of our public schools, who have advocated it from the belief that it would not only reduce the expense of maintaining those schools, but that both sexes would receive mutual benefit from being educated together. If the schools were now for the first time to be classified and buildings erected for their accommodation, the question would be involved in greater doubt. Our School Houses have been arranged for separate schools, and the consummation of the proposed plan would require no inconsiderable changes to be

may well be doubted; but it is our unquestionable duty to avail ourselves of whatever means the laws of the State may afford us in arresting in check and suppressing this vile destroyer of the physical, moral and social well-being of society, which is constantly entailing a heavy burden of pauperism and crime upon our community.

The HARBOR MASTER reports the whole number of arrivals, the last year, to have been—coastwise, 2135—foreign 104—made by 620 different vessels; amount of fees received $561.

From the report of the CEMETERY BOARD, you will learn that no appropriation will probably be required this year for the Mount Hope Cemetery.

Forty-seven dollars have been received from sales of lots and grass at Pine Grove Cemetery, which has been paid into the treasury, and placed to the credit of the Cemetery fund—and I would concur with the recommendation of the Board that an order be passed authorizing the new Board to expend the amount, now to the credit of the Cemetery fund, or which may be received the ensuing year, to an extent not exceeding one hundred dollars, for the improvement of the grounds and fences and the planting of trees at the Pine Grove Cemetery.

The CITY AGENT, appointed for the sale of ice to cating houses, rendered his accounts to the last Board of Aldermen, by which it is shown that the total amount of sales, from the establishment of said Agency—July 28, 1856, to March 10, 1859, including sales to Town Agents—is $907 1.05, and the nett profits of which amount to nearly $1800.

I congratulate you, in conclusion, gentlemen, upon the more hopeful business prospects of our city. The business of the whole country, which was struck as by paralysis a year and a half ago, has been slowly recovering itself—our city is evidently in sympathy with this encouraging movement.

From a long and intimate acquaintance with the business of Bangor, I am led to believe that private indebtedness has not for many years been so small as at this time, and that the present business of the City was never in a sounder and more healthy condition. It is to be hoped that the lessons, which the last few years of adversity have taught us, may not pass unheeded; but that we may be found deeply impressed with the truth that the only stable reliance of a community is upon the industry, economy and integrity of its members.

The local advantages of our city are undisputed—situated as it is at the head of navigation of a great river—the center and outlet of an extensive and fertile territory—we must look to it that we are not deprived of those advantages of natural position, and that the trade of a large and rich territory, which we can fairly claim, be not drawn away from us to build up and enrich a foreign people.

If the State is true to its own manifest interests, and we are true to ourselves, the trade of Northern Maine will not be withdrawn from our own borders, but this City and the State will reap from it the rich advantages to which they are justly entitled.

ISAIAH STETSON.

Organization of the New City Government.

Yesterday, (Mon.) at ten A. M., the members elect of the new city government assembled in accordance with the requirements of the City Charter, at City Hall, for the purpose of qualification, and to organize the two boards of the City Council.

The Convention was called to order by Mayor Bowman.

Prayer was offered by Rev. Mr. Bartlett.

The resolve of the past Board of Aldermen, declaring the election of Josiah Stetson as Mayor, was then read by the Clerk, Geo. W. Snow, Esq., and Mr. Stetson having signified his acceptance of the office, was duly qualified—the oath of office being administered by Mayor Bowman.

The members elect of the City Council were then called, and having answered to their names were duly sworn by the Mayor.

His Honor, the Mayor, then delivered his Inaugural Address, which will be found published in this paper.

After which the Convention separated—and the two boards assembled in their respective rooms.

In Common Council.

The Common Council was called to order by the late Clerk, S. F. Humphrey, Esq.

On motion the Common Council then proceeded to ballot for President—with the following result:

Whole number of votes,	19
Josiah Stetson had,	14
John A. Hodsdon,	5

Mr. Barbank signified his acceptance in a few brief and appropriate remarks, and assumed the chair.

Whole number of votes for Clerk	20
Of which S. F. Humphrey, Esq., had	20

and was declared elected.

The Clerk elect was then qualified—the oath of office being administered by John L. Hodsdon, Esq.

A message was sent to the Board of Aldermen announcing the organization of the Common Council.

The Rules and Orders of the last Common Council were adopted,—to stand, unless otherwise ordered, as the Rules and Orders of the present board.

The Chair appointed a *Committee on Engrossed Ordinances*—Messrs. Hodsdon, Shaw and Butler.

Government Business.

Orders Passed.—

Adopting the joint Rules and Orders of the last City Council until otherwise ordered.

Instructing the Mayor to cause to be prepared and printed an account of the Receipts and Expenditures of the city for the past year.

For a special committee on unfinished business—Aldermen Leighton; Councilmen Patten and Hodgdon.

For a special committee to ascertain and report at next meeting what subordinate officers are necessary to be chosen by the City Council on the 4th Monday of March—Aldermen Foster; Councilmen Littlefield and Bragg.

Also a special committee to report upon salaries of city officers—Aldermen Tree; Councilmen Shaw and Dressel.

Directing the City Clerk to procure the printing of 500 copies of the Mayor's Address, the Annual Reports of Departments, and the Annual Account of Receipts and Expenditures, for the use of the City Council.

Adjourned till Friday evening next at 7 o'clock.

THE MAYOR'S ADDRESS.—The Inaugural Address of Mayor Stetson, which we present in to-day's paper, is a straightforward, practical document, which will recommend itself to the approval of the citizens. At its delivery it was greeted with marked applause by the assembled sovereigns. Its recommendations are well considered and should be thoughtfully digested. The epitome of the financial and general condition of the city, and of the municipal operations of the past year is clear and comprehensive—presenting a large amount of information in small compass. His allusion to the duty of Bangor in relation to the Aroostook railroad, as a matter deeply affecting its own interests, was received with strong manifestations of approval by the large number of citizens who heard the Address.

GOLD IN MISSOURI.—The St. Louis Democrat says Mr. C. H. J. Hickox, a merchant of Sandy Brook, a village on the Missouri river, and in Monroe county, arrived here on Friday evening, on the steamer D. W. Somers, bringing a piece of quartz, glittering with what proved to be gold, which scientific test

The scandalous fraud, upon the government alluded to by Gen. Wilson and Senator Cameron in the U. S. Senate last before the adjournment of the last Congress, is said to be substantially this:

A certain quantity of blanks was to be furnished by a Mr. Rice to the Post Office Department, for which he was to receive $40,000. The actual cost of the blanks was but $5,000. The enormous profit was to be divided for the benefit of the President's sub-rosa editors, per cent going to Mr. Appleton, Assistant Secretary of State, and one of the conductors of the *Union*, three per cent to another journalist in the interest of a member of Congress, and the balance to keep alive the *Pennsylvanian*, a most unscrupulous advocate of Lecompton. These facts are beyond question, and Mr. Cameron asked for an opportunity to prove them.

SINGULAR CASE.—The Salem *Register* states that at a sale of office furniture in that city, recently, there was accidentally discovered in one of the articles sold, a small secret drawer which was found to contain daily drawn, signed and witnessed, which was not presented for probate at the time due to take a death.—The will was made thirty-three years ago; the testator has been dead about a quarter of a century; and the property was long ago administered upon and distributed by the process of law. Whether the executors of the heirs who may have an interest in the distribution will cause any measures to secure the establishment of this documentary document remains to be seen.

CALIFORNIA ITEMS.—There is an abundance of minerals treasures in other parts of California, but the country is destitute of the timber, hard timber for ship-building and other purposes requiring seasoned and durable material. The whole supply of such timber is obtained from the Atlantic States, of course at great cost. All the wood for hand carriages is thence brought, and also hammer and box handles.

A flock of forty hundred sheep, pastured on some mountain lands in Napa county, were recently driven over a precipice, by some malicious persons, into a deep ravine, where they were afterwards found dead.

The Placer Courier relates that three Chinamen, arrested of robbing sluices, were taken quietly from the woods in their neighborhood, severely whipped, the queues cut off, and then turned loose upon the community—disgraced beyond redemption with their own countrymen and driven from their home and property to seek a subsistence in some other place.

The San Joaquin Republican is responsible for the following:

"A short time since a gentleman used phosphorus poison to get rid of the squirrels on his land, and it was very effectual, killing large numbers. The crows, which ate the dead bodies of the squirrels thus poisoned, lay all over the ground, having been killed by eating them; and last of all, the magpies, who have picked the eyes out of the crows, have shared the same fate."

A portion of what was once Gen. Cass's farm, and which he offered to sell, twenty years ago, for $76.00 is now in the heart of the city of Detroit, and is valued at $3,000,000.

The shipments of gold at San Francisco for New York show an evident falling off this year as compared with the last; the clearances in four semi-monthly shipments, including January and February, exceeding $4,000,000. The mines are represented as productive as ever, and the decrease is attributed to the increasing demand for specie to meet the requirements of trade in California, Oregon and Washington territory.

LOCAL AND MAINE NEWS.

OLD AND NEW STYLE TYPE FOR CARD PRINTING!

We have received several New Specimens of Card Type, which we wish to exhibit to those desirous of having Cards Printed in the most Fashionable and Latest Styles.

THE FREEZE AND THE ICE.—The great jam of ice in the Penobscot opposite this city, did not pass down on Sunday night, as expected. On Monday at one o'clock that part of the jam below the bridge moved down to steamboat wharf and pushed the ice at that point as far down as High Head. The main body of the great jam remained above the bridge, and extending for a mile or more up the river. It was held by the piers of the bridge, and at the time of writing his paragraph, remained firm.

Below High Head the water had worked extensive channels and there were large spaces of open water so far as Brewer village, and channel is rapidly cutting for a mile or two below that. The jam below the bridge was expected to move down below High head yesterday afternoon or last evening.

LATER.—About half-past seven last evening, the jam above the bridge gave way and moved down, and lodged near and this side of High Head, forming a jam, which raised the water five feet in half an hour.

From eight o'clock the water continued to rise at the rate of about eight inches an hour, until we left the office at two o'clock,—when the ice over the lower wharves in the Kenduskeag was between three and four feet. It was hoped that the water would begin to fall with the ebb tide at three or four o'clock.

MAYOR STETSON received and tendered the members of the newly inaugurated City Government and other friends, at his residence on French Street, last evening. Quite a large number of his constituents were present, and congratulated him upon his inauguration as Mayor of the city.

ANOTHER BURGLARY.—BOLD OPERATION.—On Sunday night the clothing store of Sidney Davis, on Exchange Street, was entered, and eight or ten common overcoats and probably some other clothing carried away. The operation was a particularly bold one—as there were hundreds of people in the streets and stores that night, waiting for the expected starting of the ice. About 11 o'clock, a person with an opposite store heard the crash of glass, and the watchmen coming along a few minutes, their attention was called, and it was found that a pane of 24 by 12 glass in Mr. Davis' front door had been broken entirely out. They immediately entered the store, but could find no one inside, and every thing appeared safe. It was thought, therefore that the breaking was merely malicious mischief. And yet, in the morning, the store was found to have been robbed. A back window was open, and tracks found which indicated that the robbers had carried off their plunder that way. The goods had been tossed around on the counters, and a pile lay near the door, apparently ready for carrying away. From bloody marks on the counters and clothing, and drops of blood on the floor, and blood stains on the window, it appears he, the rogue, or one of them, probably cut his hand severely in breaking he glass. There were also some blood stains on a cellar window. The robber probably concealed himself in the store, and perpetrated the theft later in the night.

The coats were found in the morning concealed in an old coach near the back of the building.

It is said that several of our amateur fishermen are water bound at a favorite fishing place, and are anxiously waiting for the waters to subside, that they may again visit their homes and their expectant friends.

TEMPERANCE MEETING.—The annual meeting of the Washingtonian Temperance Association, for the election of officers and transaction of other business, will take place at the City Hall this evening at 7½ o'clock.

BUT AT HOME.—We call attention to the advertisement of Mr. John C. Young, at 105 Broad street. He has established a manufactory of Looking Glass Frames at the above named place, and is prepared to furnish dealers and others with various handsome patterns in mahogany and black walnut, (as also picture frames,) and at as favorable prices as they can be purchased elsewhere. Our own mechanics and manufacturers should be encouraged in preference to those abroad—and we say again—give Mr. Young a call.

The Panorama of the Life of Christ, the exhibition of which closed last evening at Columbian Hall after six exhibitions, has been better patronized, drawn fuller houses than any other series of Paintings for many years. The lecture, explaining the Paintings, was full and to the point; the singing appropriate; and the whole moral influence of the work good. Success to it.—*Both Daily Times, Feb. 24.*

The above Exhibition will be continued at Norombega Hall this afternoon and evening. See advertisement.

AFTER TIME.—On Thursday evening a young man who persisted in making free with his remarks to the ladies who entered the Post Office, was taken by the police to the lock up, and detained during the night. He was let out in the morning, somewhat ashamed of his conduct, perhaps a wiser, and we trust a better man.—*Portland Advertiser.*

MR. CENTER'S CASE.—The Brunswick Telegraph states that on Thursday morning, Mr. Center, who was injured by the explosion of a fluid lamp on Friday the 11th, was not so comfortable as on Wednesday, and his case may still be considered as very critical. Those who have seen him, assert that his appearance is hardly that of a human being, so charred are his features.

We have since learned that Mr. Center died Sunday morning. His age was 40.

WATERVILLE COLLEGE.—At a meeting of the class of '62, of Waterville College, Mr. E. W. Hall of Portland was chosen Orator, and Mr. G. L. Hunt, of Webster, Mass., Class Poet, for the class celebration of the evening of the forthcoming Commencement Day.

WHITE SABBATH SCHOOL.—The following Resolves were offered by Dea. N. Warren, at the Union Sabbath School in Veazie, March 20, 1859, on the death of Dea. Abram Rollins, Superintendent of said School:

Whereas, It has pleased in all wise and Merciful Providence to afflict us by the death of our beloved brother and Superintendent, Dea. Abram Rollins,

Resolved, That in this bereavement we deeply mourn the loss of one who, by his cheerfulness and Christian character, won our esteem and affections.

Resolved, That while we lament his sudden death, we feel that it is an Omniscient God who giveth and who taketh away, and we bow submissively, and say, not our will, but thine, O Lord, be done.

Resolved, That we truly sympathize with the widow, family, and church, of which our brother was an active officer and member, in their affliction.

Resolved, That a copy of these resolutions be forwarded to the widow, and family of the deceased, and also be published in the Bangor Courier, and Morning Star.

G. D. WARREN,
Sec'y of the Union S. School, Veazie, Me.
Veazie, March 20, 1859.

KENDUSKEAG, March 21.

Editor Whig & Courier:

SIR—Our annual Town meeting took place to-day; officers as follows:

Moderator—E. F. Crane.
Town Clerk—T. P. Batchelder.
Selectmen and Assessors—T. P. Batchelder, E. B. Stackpole, Thos. S. Heath.
Treasurer—Isaac W. Case.
Supervisor—E. F. Crane.
Town Agent—J. O. Tilton.

Everything passed off quietly. O. R. B.

BRIDGES SWEPT AWAY.—Two bridges across the Sebasticook river, at Benton were swept away by the freshet on Sunday, as we are informed by Conductor Pitman. One was a toll bridge and the other a free bridge. The damage will probably be about $4000. It is probable that but one will be erected in place of the two. The bridges did not float far from their site, but it was feared that the current would carry them down and sweep away another bridge some miles below.

PERSONAL.—Ex-Gov. Hubbard, our new Piracy Commissioner, arrived in the cars last evening, accompanied by his daughter, and stopped at the Bangor House.

Barque Juniata, of Yarmouth, Me., from Boston for New Orleans, which put into St. Georges, Bermuda, 27th ult., with her starboard side stove in by a sea shipped in a gale on the 20th, was repairing with that, and weather permitting, would sail in terror twelve days on.

YOUNG AMERICA.—Two young gentlemen, both under age, one the son of a Congregational minister, and the other the son of a deceased Baptist minister, left this place yesterday morning, for Presque Isle, Aroostook County, a distance of something like a hundred and fifty miles, to seek their fortunes in helping settle that fast settling region. Having turned their attention to occupations that will be likely to afford them a more sure and ample livelihood than those by their fathers, though laborious ones. They made themselves a hand sled of the best white oak and iron, very light and strong, neat and long, naming it the 'Pioneer,' put their baggage upon it, took their seat, and headed east, or perhaps north-east, and went off with a good will and a fixed purpose to be something and do something, expecting to have many a long and merry slide down the hills, to hasten them on their way. A friend gave them each a beautiful axe, an emblem of their enterprise, which they sharpened and took with them, with which to cut their way through the world.—They left with a heavy, north-west wind, almost a gale, blowing them on their course towards their destination, carrying with them many good wishes, to be followed with the deep aspirations and prayers of friends, left behind. May the God of Abraham, who went out not knowing whither he went, and the God of Isaac, and the God of Jacob, bless the lads, and give them a home and friends among strangers, and make them useful and happy.—They are commended to the kind offices and the business patronage of those among whom their lot may fall. And may they and others who are in large numbers heading for that region, find the institutions of the gospel following them and have hearts to improve them.—*Lewiston Falls Journal.*

DEATH OF MIKE WALSH, THE EX-CONGRESSMAN.—The telegraph has already reported the shocking death of Mike Walsh. He was found on Thursday morning, lying with his neck dislocated at the foot of some stone steps leading to a basement in Eighth Avenue, New York. It is generally supposed that he fell in a fit of intoxication, although his friends assert that for the past six months he had entirely foresworn the use of liquor. The story that his watch and diamond pin were stolen is not known to be true. Mr. Walsh was 44 years old and leaves a wife and two children.

He was a man of great natural talents, which, however, were never properly developed. He was, however, three times elected to the Legislature of New York, and twice to Congress. He was a lithographer by trade, and was considered a good workman. Some years ago he published a newspaper called the Knickerbocker, the existence of which after a few years was terminated by the conviction of the editor for libel. He afterwards issued a paper called the Subterranean, which lived two or three years. His political career began in 1839, and had continued almost uninterruptedly ever since.

On the expiration of the next Congressional term he was sent by President Pierce on a secret mission to the Court of England. About eighteen months ago he was sent by President Buchanan on a secret mission to Mexico. He returned six months ago, and since then had lived in retirement. Mr. Walsh left a house on Wednesday evening in order to pay his respects to Vice-President Breckinridge, who is now stopping at the New York hotel. He afterwards started to visit a friend up town, but nothing was seen of him till the discovery of his body.

MANUFACTURE OF COMBS.—It is said that the greatest comb manufactory in the world is in Aberdeen Scotland. There are thirty-six furnaces for preparing horns and ortoise shells for combs, and no less than one hundred and twenty, ron screw presses are continually going in stamping them. Steam power is employed to cut the combs. The coarse combs are stamped or cut out—two being cut in one piece at a time. The fine dressing combs are cut by fine circular saws, some so fine as to cut forty teeth in the space of one inch, and revolve five thousand times in the space of one minute. There are some two thousand varieties of combs made, and the aggregate number produced, of all these different kinds, is about 2,000,000 annually.

Hon. John Mason of Searsmont has just been elected Clerk of that town for the forty-fourth year, and he has also filled the office of Postmaster in Searsmont village for about the same term of years.

TELEGRA

TO THE DAILY WHIG

An official telegraph dispatch was transmitted to-day to New York from California stating that the extra session of Congress

It is stated in relation to the Post Office service, that contracts will continue to be made, and contracts will continue in force, and that the mail service will be performed as heretofore, until which, warrants will be issued to the new contractors as soon as they commence the service.

No action whatever has been taken on the subject of the Boston Post Office, and all speculations as to what will be the future arrangements are entirely idle.

The Secretary of the Navy has ordered Engineer in Chief to report to him for the machinery of the steamer to put on the St. Lawrence.

The Grand Jury has under consideration the case of Peter, S. D. Wilson, charged with having counterfeited certificates to the District Attorney of the District of Columbia, together with the instructions of the special agent to examine the accounts of the Republic, which involves the charge of perjury.

Colonel Florence's death

The Republican of this morning says that the Republic is eighty miles out of the Chesapeake, and is becalmed.

A letter of the Post Master General to the Attorney General, dated Dec. 31st, 1858, Rawlins, taken by the steamer Star of the West on the 6th inst. in St. Joseph's Bay, and sent to Washington on board, but [illegible]

The fine residence of J. H. Bancroft, Esq., was recently destroyed by fire in Brooklyn.

The schr Ellen Lawton, of Plymouth, bound to Charleston, has been here last night. Other cargo on the beach. Two vessels crew saved.

Mobile

The bark Kirkcaldy reports Point, was got off safely and

LEGISLATURE OF

In the Senate.

Mr Marshall, from the Committee on Banking, reported a bill to incorporate the Camden Bank; also bill to amend the 4th section of the Revised Statutes relating to Banks; also bill to amend the 3d section of a report that the commissioners on all business before the Legislature was accepted, and the bill founded thereon was accepted, and the bill passed to be engrossed and assigned.

Passed to be engrossed—Bill to incorporate the Skowhegan Dam Co.; resolve in favor of Alvah D. Tyler; and resolve in favor of Arvida Hayford and others of the Penobscot Indians; and resolve in favor of Greenbush.

In the House.

Read and assigned—An act to set off the town of Prospect [illegible] and to fix the bounds of the [illegible] Penobscot.

Passed to be enacted—An act to increase the capital stock of the Sandy River Bank; to prevent abuses of the elective franchise; to prevent frauds in the assessment of taxes; to prevent sources of the elective franchise; to prevent unchanged [illegible] relating to recording deeds of real estate; an act to amend the special laws of Maine relating to the construction of Ice in East Machias; act to incorporate the Franklin Bank; act to amend chapter 10 of the Revised Statutes respecting the law of Evidence.

Finally passed—Resolve in favor of certain lots of land in Dennysville; which were formerly in the State.

Passed to be engrossed—Resolve in favor of Tassamaquoddy Indians; resolve in favor of Bucksport; resolve relative to the estimates; resolve in favor of Bangor; resolve in relation to the sharing of the Massachusetts Stocks; resolve in relation to the payment of the United States deposite; resolve to incorporate the town of Presque Isle; resolve relating to compensation of Assistant Clerks; an act to amend chapter 115 of the Revised Statutes relating to trustees of estates; an act to amend chapter 115 of the Revised Statutes relating to trustees of estates; act concerning process against corporations in Somerset county; an act to incorporate the Bangor Savings Institute; act to incorporate the Northern Bank; an act to authorize Joseph Carter to extend a wharf into the harbor of Hedgwick.

Mr Loughton of Ripley, introduced a bill to authorize the inhabitants of the town of Ripley to purchase and hold a certain parcel of land in the county of Piscataquis, and on his motion the rules were suspended, and the bill passed to be engrossed.

Mr Cobb of Auburn, from the Committee on Interporation of Towns, reported a bill to incorporate the town of Presque Isle in Aroostook County.

The Aroostook Railroad bill was taken up and Mr McCrillis, replied to Mr Oakes and advocated the bill.

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

WASHINGTON, 21st.

An official telegraph despatch was transmitted to-day to New York, to go out in the California steamer, stating there will be no extra session of Congress.

It is stated in reliable quarters with regard to the Post Office service, that the law authorizing contracts will continue to be carried out, embracing the issuing of treasury warrants as usual, which warrants will serve in the hands of contractors as bases of loans.

No action whatever has yet been taken on the subject of the Boston Post Office,—hence all speculations as to what will be done in the premises are unreliable.

The Secretary of the Navy has ordered the Engineer in Chief to require the contractors for the machinery of the sloop of war Lancaster to put on it Silver's Marine Governor.

The Grand Jury has under consideration the case of Peter S. Duval, of Phila., which was referred to the District Attorney for the District of Columbia, by order of the House, at the instance of the special committee, to examine the accounts of public printing. It involves the charge of perjury.

Colonel Florence's health is nearly restored.

SAVANNAH, 21st.

The Republican of this morning says that forty miles of the Cuban telegraph are completed.

A letter to the Post Master of Apalachicola to the Albany Patriot says the bark E. A. Rawlins, taken by the steamer Vixen on the 6th inst in St. Joseph's Bay, had slaver equipments on board, but no papers.

The fine residence of J. H. Grant at Darien was recently destroyed by fire.

BEAUFORT, N. C., 17th.

The barque Eliza Lawton, of Barnstable, from Pymbota bound, to Charleston, came ashore on Cape Lat night. Her cargo has been landed in the South. The vessel has broken up—now saved.

MONTPELIER, Vt., 21st.

The case of Ariel Morton, on trial for the murder of Lucius Ainsworth in July last, has resulted in the jury finding a verdict of guilty.

MOBILE, 21.

In the races here to-day, Morgan won the two year old stake, and Planet the three year old stake.

BALTIMORE, 21st.

The bark Kirkland, reported ashore at Cove Point, was got off safely and reached here to-day.

BALTIMORE, 21.

LEGISLATURE OF MAINE.

SATURDAY, 20th.

In the Senate.

Mr Marshall, from the Committee on Banks and Banking, reported a bill to incorporate the Climax Bank; to so build to amend chapter 47 of the Revised Statutes relating to Banks and Banking; and to add an act to same accompanied by a report that the committee had finally acted on all matters before it. The report was accepted, and the bills severally read once and assigned.

Passed to be engrossed—An act to incorporate the Saccarappa Dam Co.; resolve in favor of Alex D. Tyler and Albert Jones; resolve in favor of Orvilla Hayford; resolve in favor of the Penobscot Indians attending school in the town of Greenbush.

In the House.

Reported and assigned—An act to incorporate the Canal Bank; an act to make valid and to confirm the doings of the annual town meeting of Penn.

Passed to be enacted—An act to increase the capital stock of the Sandy River Bank; an act to prevent violence of the statute relating to the duty of parties to suits at law; an act to amend chapter 12 of the Revised Statutes relating to recording deeds of lots in Surveyor's Grants; an act to amend chapter 320 of the special laws of Maine relating to the destruction of fish in East Machias waters; an act to incorporate the Franklin Bank; an act to amend chapter 19 of the Revised Statutes respecting the law of the road.

Finally passed—Resolve authorizing the sale of certain lots of land in the county of Aroostook, which were formerly mortgaged to the State.

Passed to be engrossed—Resolve in favor of Passamaquoddy Indians; resolve in favor of Penobscot Indians; resolve relating to counties; resolve in favor of Silas P. Somes; resolve in relation to the arrest of Major of the Massachusetts Militia claims against the government of the United States; an act to incorporate the town of Freeport Isle; an act relating to compensation of Registers of Probate; an act to amend chapter 173 of the Revised Statutes relating to the relief of poor debtors, &c.; an act concerning prisoners and debtors in Somerset county; an act to reduce the capital stock and amending the charter of the Northern Bank; and act to authorize John P. Carter to extend a wharf into tide water at Sedgwick.

Mr Loughton of Ripley, presented an act to authorize the inhabitants of the town of Ripley to purchase and hold certain real estate; and on his motion the rules were suspended, and the bill passed to be engrossed.

Mr Cobb of Auburn, from the Committee on Incorporation of Towns reported by bill an act to incorporate the town of Dorchester, for Aroostook County.

The Aroostook Railroad bill was taken up, and Mr McCrillis, replied to Mr Pike, of Calais, and advocated the bill.

NEWSPAPERS IN AMERICA.—Consider how universal are newspapers in America. They penetrate every nook and corner of society. No other element of power has such a sphere. The pulpit, the court, the lecture, compared with the newspaper, touch society in but few places. It reaches within and without, from surface to core; it travels every where, is read by all classes, and is wholly or nearly the only reading of more than half the population.

K. & P. R. R.—We find the following in a letter of an Augusta correspondent of the Boston Traveller.

A law suit of much importance is expected to be reached on the docket at the sitting of the Supreme Court, now in session in this city. It will be brought in the name of the Augusta Bank vs. the cities of Augusta, Hallowell, Gardiner, Bath, and towns of Brunswick and Topsham. The case I am informed is this:—Some fifty thousand dollars in cash was deposited in the Augusta Bank by Rufus Williams for the payment of coupons on loans guaranteed by the cities and towns on the line of the Kennebec and Portland Railroad. Mr Williams now holds the coupons, and demands payment for the same; the defence will be that the money was misapplied.

CORBIN'S DISCOVERY.—M. Moser, of Konigsberg, Prussia, it is said, has shown that light constantly emanates from all bodies, even in complete darkness, and that when placed near each other they receive upon their surfaces reciprocally pictures of each other. These photographic pictures, however, are invisible, and dependent to be so, until they are developed by the application of certain agents, such as that of water, mercury, iodine, &c.

FROM WASHINGTON.—Washington, March 18th. At the Cabinet meeting to-day every member expressed his opposition against Nicaragua, has been originating for some time, and Gen. Walker's departure to California in directly connected with it. Mr. Bennington's emigration scheme, instead of for Arizona, is believed to be but a part of his enterprise.

It is just stated that at least four thousand persons in the United States have, annually, prostitutes, with figures ranging from seventy-five cents to five dollars, and showing the annual expend here in the aggregate of *twenty thousand dollars!* A single "artist" has been known to pocket over a thousand dollars in a cruise of a frigate in those Indian picturesque.

The Troy Times says that a well thy farmer of Melville has brought a suit for trespass against a pretty lass of about fourteen sixteen, daughter of a Methodist clergyman, who he alleges, recently *made marks on his fence* (a white ticket one) *with a lead pencil*, on her way to school, for which he asks damages. The action has its real basis in enmity between the two families.

The New Orleans Delta maintains that there is as great a depth of water on the bar at the mouth of the Mississippi now as there was a century of fifty years ago. It says the season's load vessels sail out fast now, is that they are built larger than formerly. So the case is clear—as a vessel can easily cross the bar, provided she does not draw too much water.

A little daughter of Charles Barnard, while imitating her mother when she had set on light a fire by means of camphene, was burned to death.

Five Dollars Reward

Will be paid for evidence which shall secure the conviction of any person guilty of stealing the *Whig and Courier* from the door of any subscriber.

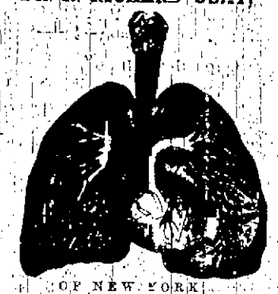
COD FISH, English and Nevaan Table Fish for sale by

T. J. STEWART.



DR. R. RICHARD CLAY,

OF NEW YORK,

Author of the Aymatistic Treatment of Disease, of the Throat and Lungs, Demonstrator of Anatomy, and Adjunct Professor of General, Special and Surgical Anatomy of the American Medical College, Cincinnati, and Lecturer on Diseases of the Urinary Organs, etc., etc., can be consulted at the

Hatch House, Bangor,

For a limited time, by patients laboring under the various forms of disease especially Diseases of the Throat, Lungs, Liver, Spleen, Skin, Urinary Organs, and all Diseases of Women, in the cure of which he has met with almost universal success.

Dr. Clay has cured, by his superior method of MEDICATED INHALATION, diseases of the Throat and Lungs after every other means had been tried in vain.

A New Invention.

Dr. Clay has a Laryngeoscope, with Powerful Reflectors, which was recently imported expressly for him, from Vienna, by which he is enabled to look into the Throat as far as the Bifurcation of the Trachea. With it, *diseases can be detected* without the least inconvenience to the patient, that cannot possibly be in any other way. Examinations conducted in the night jus as well as in the day time.

DISEASES OF FEMALES.

Dysmenorrhœa, Amenorrhœa Leucorrhœa, Ulceration of the os and cervix uteri, and all other Diseases of Females, *specifically cured.*

Cancers, Tumors and Warts, removed and cured, either with or without the use of the knife.

EAR AND INCRUSTATIONS Piles, Tic, Heart, Throat and Lungs examined with the Laryngoscope and Stethoscope.

F. S. Dr. Clay's friends and former patients, whether they require his services or not, are respectfully invited to call.

THE

Great English Alterative

.....AND.....

Humor Eradicator,

DISCOVERED by an eminent English Surgeon, after years of study.

This Medicine is unquestionably the *best Alterative ever used*; Purifying the Blood, giving new and healthy impulse to the functions of the system, and rejuvenating the infirm. It eradicates, at once, all Kinds of Humors, Cutaneous Eruptions, Cancerous affections, Scrofulous Sores, Leprosy, and all kindred diseases, which have their origin in impurities of the blood.

For scrofula it may properly be regarded as a specific. No other preparation known to the world so promptly and effectually cures this fearful malady. Cleanse the fountain and the stream will be pure. Purify the blood and the system will be healthy. Take this Alterative and the blood will be purified. To all who are suffering from Chronic Rheumatism, Liver Complaint, Jaundice, Piles, Ulcers in the Eyes, Salt Rheum, Blotches in the face, and General Debility, this remedy is offered with the utmost confidence that it will afford speedy relief.

California Steamship Line, via Nicaragua.

American, Atlantic, and Pacific Ship Canal Company, Proprietors.

Opposition Line at Reduced Rates.

New York to San Francisco.

First Cabin.....$225 | Steerage.....$100
Second Cabin.....150 | Steerage.....80

The transit of the Isthmus included.

The Steamship WASHINGTON, 2000 tons register, Capt. Henry Chadwick, has been fitted up expressly for the California trade by the Nicaragua route, will leave her pier, North river, New York, on Monday, the 5th of December, at 2 P. M., carrying passengers, mails and freight to San Juan del Norte, to connect at San Juan del Sur with the well known and commodious steamship HERMAN, Capt. Cleveland, for San Francisco, California. These splendid steamships offer the most accommodations for the comfort and safety of passengers. The Isthmus route is the shortest and only entirely fresh water route, the passengers being conveyed in steamers on the San Juan River and Lake Nicaragua.

Passengers are landed at the Railroad Depot at Virgin Bay, and conveyed across to the Pacific Steamers *without any extra expense*. This is the only line giving entire through Tickets, guaranteeing no detention on the Isthmus.

Time in going to San Francisco *twenty days*, which is the shortest time of any route, and 1200 miles of land and river travel and river navigation, over locks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing to passengers by the Mail Line a sure and short passage with the greatest comfort and safety to health.

No tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama, and tickets thus signed will be refunded at Panama, and tickets thus signed will be refunded at the office of the Company in this city.

C. L. BARTLETT, Agent,
No. 16 Broad street, Boston.
August 1, 1858 1y

LINCOLN'S WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your Feet dry, and you will seldom need a Physician.

It is not a truth that when the feet are cold, wet, or sore of the greatest causes of colds and consumption? It is a truth that when leather is dry or we have not it upon us, it soon becomes hard, stiff and cracks, but when it is used with LINCOLN'S PREPARATION it remains soft and pliable, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it waterproof, but at the same time extremely injurious to the leather. At length I succeeded, however, I discovered a preparation which, when mixed with tallow, will not only make leather waterproof, but increase the life of the leather, and it will.

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet Tannery with my feet constantly in water, and have not had a wet foot during that time. I can therefore in all confidence recommend it to the public as the best article in the market.

Manufactured by
L. C. LINCOLN,
Bloomfield Me.

EDWIN NOYES, Supt.
nov. 20, 1858

THE HACKON HOUSE,

Main Street, Bangor, Maine.

This House has been thoroughly repaired, refitted and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, render it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.

By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage.

NATHAN PERRY, Jr.
Bangor, Feb. 20, 1854

HONEY.

THE LUXURY AND PROFIT OF
HONEY MAKING.

Torrey's Bee Hive.

THE subscriber, having purchased the right of making and selling *Davis' Patent Bee Hive* for the Counties of Penobscot, Lincoln and Piscataquis, which has been received with so much favor, and taken the premiums wherever exhibited, has introduced a new improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals.

This Bee Hive, thus improved, is admitted by persons acquainted with the honey-making business to be superior to every thing yet invented for the purpose. It covers all the requisitions for the profitable management of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and need of the bees—convenience for the operation of *Feeding*, for the proper separation of the swarms, and generally for the health and comfort of the workers.

The boxes used in this Hive for storing honey, are the best adapted in their size, for the market, holding from three to six pounds each.

Those wishing to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, fifty swarms of Bees, with the new hives.

For Hives, Rights and Bees, &c., address
R. B. TORREY,
feb18 law Ft Fairfield, Bangor.

DR. HOBENSACK'S

Worm Syrup and Liver Pills.

PROBABLY one reason why Worm Medicines so frequently fail of any good effect is the fact that they contain no qualities except as *Worm Killers*, consequently in many instances where a mistaken symptoms of disease and doctor for worms, when the cause of disease is not worms at all, but a *derangement of the system and consequent torpidity of the liver*, with no positive worms. When one of the pills of *Dr. Hobensack's Worm Syrup and Liver Pills*, *being an active remedial agent* as well as *worm killer*, the patient immediately gets well, though no worms are brought away.

Thus it will be readily seen that it possesses many advantages over other worm medicines, as it is not only sure to kill but bring away the worms; but fills up and restores the patient to general health, besides.

C. W. ATWELL, Deering Block, Portland, General Agent for Maine. Sold by dealers in Medicine everywhere. [cowstawd&w

PERRY DAVIS' Vegetable Pain Killer!

E. W. ALLEN, writing from Tabor, Harrison Co., Iowa, says:—"I think this past four years I have sold and disposed of above five hundred bottles, and can now say I have found more truth in your Pain Killer than in any other medicine I ever sold. It is the best article for the money that I ever saw. Its sale is unbounded. I have a number of orders which I would like to fill, but cannot for want of it. Please send me a supply (through the Missouri Volunteers) as soon as you can, say two kegs of bottles. I dare not be without it myself, and there are endless calls for it both by day and by night. I always, when in with me out of the Prairies, and have frequent occasions to use it both on myself and others. One night, while sleeping in an open Zavat, I was awoke by a most excruciating pain in my foot. On examining it I found I had been bit by a Centipede. I immediately applied the Pain Killer, and found instant relief. In less than an hour I was again asleep.

Rev. H. L. Van Meter, of Bonaelle, Tuckahoe, writes—Here let me assure you that we prize your Pain Killer very highly. For the past two or three years of our residence in India we were provided with its valuable properties, and did not like it, but now we shall hardly feel safe without it for a single day. Only a few nights since Mrs. Van Meter was struck in exception, and intense pain was instantaneously thrown out the arm, and within a min bottle of the fingers followed. By the continued application of the Pain Killer for an hour or more, and a few doses during the night, the alarming symptoms were subdued, and in the morning of the night success was fast in no longer. I gave it in a few cases of Fever and Ague, according to directions, and it acted like a charm, breaking it up at once. The Karens have great confidence in it.

Mr. W. L. Carpenter writes from Calcutta—Perry Davis' Vegetable Pain Killer is a very valuable medicine, and in a country here that have used it entertains a high opinion of its worth."

Bowdoin, Dec. 4th, 1857.

Messrs. C. Jarvis & Son—Gents: We have sold the above quantity of Pain Killer since last March, and can chow that a Quantum in a few days. Herewith find a draft for $1,452 on the Merchant's Bank of India, London and China, in your favor.

Respectfully, MANNERS & CO.

Hermosa, Sacramento, May 14, 1856.

Messrs. P. Davis & Son—Gentlemen: Please send 6 Pain Killer, and the Pain Killer. I have sold a great deal of the Pain Killer, and the Pain Killer. I have sold a great deal of the Pain Killer. I have sold a great deal of the Pain Killer. I have sold a great deal of
